| What are your thoughts? Tell us below | <ol style="list-style-type: none">1. a trail network connecting the major assets, i.e. parks, schools and commercial nodes2. Safe biking options3. Ample basketball opportunities4. Adequate maintenance and upkeep of parks5. Sidewalks to the library area from Bradshaw & Harmony.6. Have sidewalks joining park space together.7. Protect quality of Schools by ensuring they do not reach over capacity8. County and Holly Springs come to an agreement to implement long-term plans for Hickory Flat.9. Sensible development on Stringer Road10. Sidewalks needed on both sides of Stringer Road.11. No new parks needed12. Community center and library expansion are both positive additions.13. Further improvements at Sequoyah Park, including more trails.14. Public services are appropriate for the area15. Schools are appropriate for the area.16. Further improvement of Hickory Trails Park, including more trails17. No artificial turf at Sequoyah Park.18. Favorable to the idea of a community building19. The architecture of future buildings should be more of a rural design instead of the big box, flashing lights design. |
